

# Alaska

| Successful Learners                                                                                                                                                                                                      |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Areas of Learning                                                                                                                                                                                                        |
| As <b>scientists</b> we will look at Materials.                                                                                                                                                                          |
| As <b>linguists</b> we will continue to develop our knowledge of French.                                                                                                                                                 |
| As <b>geographers</b> we will study the world, using maps and atlases to identify key aspects of human and physical geography. We will also be studying Alaska in greater depth, exploring all aspects of its geography. |
| As <b>design and technologists</b> we will celebrating culture of the Alaskan people.                                                                                                                                    |
| As <b>artists</b> we will be exploring Alaskan artists.                                                                                                                                                                  |
| In <b>computing</b> we will learn how to stay safe online and learn how to program in greater depth.                                                                                                                     |
| As <b>musicians</b> we will be learning to sing new songs, accompanying those songs with instruments and developing our knowledge of musical notation.                                                                   |

| Confident Individuals                                                                                                 |
|-----------------------------------------------------------------------------------------------------------------------|
| Enterprise                                                                                                            |
| We will explore how the Alaskan people have developed the land for economic gain and to explore conflict in land use. |

| Places & Environment                                                                                            |
|-----------------------------------------------------------------------------------------------------------------|
| We will explore the impact of natural disaster on the landscape, exploring in depth both sides of the argument. |

| Spiritual and Moral                                                                                                                                                           |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| In our Spiritual and Moral development we will explore the power of belief. We will explore our own spirituality and that of Alaskans, asking questions and discussing ideas. |

| Communities                                                                                               |
|-----------------------------------------------------------------------------------------------------------|
| We will explore how Alaskan communities have developed and how they are similar and different to our own. |

**Successful Learners**

**Areas of Learning**

As **scientists** we will explore evolution, adaptation and change, and living things and their habitats.

As **geographers** we will study our challenging world and how we impact on our landscape.

As **historians** we will investigate the Stone, Bronze and Iron Ages.

As **design and technologists** we will make model shelters and as **artists** we will explore sculpture and collage through the work of Andy Goldsworthy

In **computing** we will learn how to code.

# All Change

| Confident Individuals                                                                                                                                                                                  |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Enterprise                                                                                                                                                                                             |
| <p>We will explore the impact of Stone/Bronze/Iron ages on our local area and how resources were identified and developed.</p> <p>We will explore how trading began and how it developed to today.</p> |

| Responsible Citizens                                                                                                             |                                                                                                                                                                 |                                                                                                               |
|----------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------|
| Places & Environment                                                                                                             | Spiritual and Moral                                                                                                                                             | Communities                                                                                                   |
| <p>We will explore the impact more recently of natural disasters in our communities and how to best prepare for such events.</p> | <p>In our Spiritual and Moral development we will explore the power of belief. We will explore our own spirituality, asking questions and discussing ideas.</p> | <p>We will look how early societies developed, the choices they made and the impact on modern day living.</p> |
