

Overcoming Adversity

Successful Learners
Areas of Learning
As scientists we will look at animals, including humans, learning about how we live and stay healthy. We will also be learning about light and how we see things.
As geographers we will study the world, using maps and atlases to identify key aspects of human and physical geography, with a focus on rivers around the world.
As historians we will explore the Battle of Britain and the impact war had on young people.
As design and technologists we will evaluate breads and recipes from around the world. We will make our own bread.
As artists we will draw and paint from still life. We will explore the work of Turner.
In computing we will learn how to stay safe online and produce a power point to inform others about our learning in history.
As musicians we explore the music of many composers, deepening the children's knowledge and understanding.

Confident Individuals	Responsible Citizens		
Enterprise We will explore the impact of the past on life today. We will explore the impact of World War Two on people of all ages and how they adapted to meet the needs of children.	Places & Environment We will discover the local river, where it flows and what it is called. We will learn how rivers are formed and the names of the features of a river. We will know how rivers have been used to transport goods.	Spiritual and Moral In our Spiritual and Moral development we will explore the power of belief. We will learn about the Holocaust and we will visit the Holocaust Centre. We will explore our own spirituality, asking questions and discussing ideas.	Communities We will look at how recent societies and communities have adapted to change. We will explore how our society is structured, including learning about democracy and government.

Entertainment through the Ages

Successful Learners
Areas of Learning
As scientists we will look at animals, including humans comparing life-cycles of different animals, We will also be looking at Earth and Space.
As geographers we will study the world, using maps and atlases to identify key aspects of human and physical geography. We will also be studying Alaska.
As historians we will investigate the impact and legacy of Entertainment through the Ages.
As design and technologists we will celebrating culture and seasonality
As artists we will be exploring in depth the work of Kandinsky
In computing we will learn how to stay safe online and learning how to program.
As musicians we will be learning to sing new songs, accompanying those songs with instruments and developing our knowledge of musical notation.

Confident Individuals	Responsible Citizens		
Enterprise	Computing	Places & Environment	
We will explore the impact of Entertainment on life today. We will be focussing on how the creative arts have influenced all aspects of life. We will explore how the arts have helped to motivate and inspire people through the ages.	We will learn to use the internet and social media respectfully and safely through exploring scenarios and simulations. We will also continue to develop our coding skills through the Hour of Code. We will also use computers creatively to present our work.	We will explore our world, noting key topographical features. In some depth we will explore the impact that Global Development has had on Alaska.
